The following services may apply to Pearl Identification Report or Pearl Identification & Classification Report requests. GIA will contact you prior to proceeding with these services and fees.

RANDOM SAMPLE

Report issued on a small sample of pearls from the same item. Only applicable for items where it is not possible to test all pearls. Pricing varies, a quote will be provided after evaluation.

Minimum Fee ₹ 21,825

MIXED PEARLS SEPARATION

Necklaces or strands where standard identification testing shows there is a mix (20% or more of a different "type") of natural and cultured pearls or untreated and treated pearls (specifically modified color) and where the client chooses to separate the pearls rather than opt for a more generically worded report (i.e. stating "contains cultured pearls" or "mixture", etc.). The pearls will be returned loose when necessary.

Minimum fee in addition to report fee 50% of the original report fee

CT ANALYSIS

Examination of the internal structure of loose pearls in cases where additional information to the standard real-time microradiography testing proves inconclusive. Strands and necklaces only.

Minimum fee in addition to report fee ₹ 174,600

ADD-ON SERVICES

GIA Add-On Services must accompany a Report Service or Follow-Up Service unless otherwise indicated.
